Mr. George Van Eron  
National Security Council  
The White House  
Washington, D.C. 20500

Dear Mr. Van Eron:

In response to your memo of 6 January 1987, FBIS is pleased to make its television service available to the White House. The necessary authorization is being prepared for C&P Telephone to enable your communications office to establish access to the present FBIS system. Please keep in mind that the present system will be rerouted later this year when FBIS Headquarters transfers from Rosslyn to Reston, Va.

FBIS is able to provide two live Soviet television newscasts of interest to your office as well as live television from Libya, Latin America and West Europe.

Although the FBIS television service is unclassified, the actual transmissions as well as all recordings are restricted by agreement to U.S. Government use only.

Sincerely,

Director
